

TOWN OF BETHEL
Comprehensive Plan Committee Application

A brief description: "What is a Comprehensive Plan?"

A Comprehensive Plan is a long-range, 10-20-year policy document that acts as a blueprint for a community's future growth, land use, and development.

The Adopted Plan is used by Citizens, Elected Officials, Town Committees, Business Investors, and Others. While the Comprehensive Plan is not a zoning ordinance, land-use regulations must be consistent with the plan.

The Comprehensive Plan Update Project will take approximately 18-24 months to complete. Meetings may be once or twice a month. The Committee will be composed of 11 members.
